Attention all fans of downtempo, classical, and electronic indie music! We've got a real treat for you today with the release of MAD Pritch's latest instrumental album, "Peace of Mind." MAD Pritch, a multi-talented artist hailing from Carmel, Indiana, is a music producer, composer, pianist, vocalist, and DJ all rolled into one. With a diverse range of skills at her disposal, it's no wonder that MAD Pritch's music is always innovative and one-of-a-kind.

"Peace of Mind," now live on all platforms, is an instrumental EP that perfectly showcases MAD Pritch's piano skills and electronic production expertise. Downtempo beats and soothing melodies blend together to create a truly meditative listening experience. To start off the EP, "Intention" sets an introspective tone by carrying a gentle vibe through a tranquil soundscape to build an emotive journey that continues into the more candid beat of "Tending a Scarlet Flame", which arrives in stride somewhere between woeful, spooky, and a dream of lives foregone. The solo piano piece "Opal Eyes Lullaby" is a highlight of the EP with its beautiful cascading harmonies and soaring melodic arpeggiated sections. Throughout the back half of the album, the tracks "Fortitude," "When The Chaos Subsides," and "Here, Graciously" showcase MAD Pritch's ability to develop intricate musical ideas in complex synth layers that are both mesmerizing and emotionally evocative.

*"In rhetoric, eunoia (Ancient Greek: εὐνοιά, romanized: eúnoia, lit.'well mind; beautiful thinking') is the good will speakers cultivate between themselves and their audiences, a condition of receptivity."*¹

But MAD Pritch's music isn't just about the sound – it's about the message as well. MAD Pritch says she hopes that her music can inspire humanity to live a more beautiful, intentional, creative, and harmonious life. She is deeply passionate about this project and her craft, and it shows in every note of "Peace of Mind."

So if you're in need of some peace and tranquility in your life, give "Peace of Mind" a listen. You can find it on MAD Pritch's SoundCloud or your favorite music streaming platform.
